The how and why of long-term deposit bonds

Let your clients think ahead

-  **Save thousands:** Allow your client's money to work harder for them.
-  **Money back:** Give your clients a market-leading rebate policy.
-  **Low fees:** One-off fee paid only when ready to secure the property.
-  **Long-lasting:** Available for off-the-plan and investment purchases.

How to qualify

Your client must own existing property to qualify, as well as equity of:

They must have equity of:

- 3 x the 10% deposit amount for bonds from 7-24 months
- 4 x the 10% deposit amount for bonds from 25-36 months
- 5 x the 10% deposit amount for bonds from 37-66 months

Long-term savings

Whether it's earning in their high-interest savings account, offset, or other investments, your clients could save thousands by buying with a deposit bond:

Purchase Price	\$600,000	\$1,200,000	\$1,800,000	\$2,400,000
10% Deposit	\$60,000	\$120,000	\$180,000	\$240,000
Deposit Power Fee (2 Yr Bond)	\$3,449	\$7,549	\$10,755	\$13,899
Interest Saved in Offset (2 Yrs)	\$7,800	\$15,600	\$23,400	\$31,200
Customer Saving (vs. Offset)	\$4,351	\$8,141	\$12,645	\$17,301
Interest Earned in Savings Account (2 Yrs)	\$6,960	\$13,920	\$20,880	\$27,839
Customer Savings (vs. Savings Account)	\$3,511	\$6,461	\$10,125	\$13,940

*Home loan – 6.50%, Saving Account = 5.50%. No tax implications taken into consideration.
