The how and why of long-term deposit bonds

Let your clients think ahead

-  **Save thousands:** Allow your client's money to work harder for them.
-  **Money back:** Give your clients a market-leading rebate policy.
-  **Low fees:** One-off fee paid only when ready to secure the property.
-  **Long-lasting:** Available for off-the-plan and investment purchases.

How to qualify

Your client must own existing property to qualify.

They must have equity of:

- 3 x the 10% deposit amount for bonds from 7-24 months
- 4 x the 10% deposit amount for bonds from 25-36 months
- 5 x the 10% deposit amount for bonds from 37-66 months

Long-term savings

Whether it's earning in their high-interest savings account, offset, or other investments, your clients could save thousands by buying with a deposit bond:

Purchase Price	\$600,000	\$1,200,000	\$1,800,000	\$2,400,000
10% Deposit	\$60,000	\$120,000	\$180,000	\$240,000
Deposit Power Fee (3-year bond)	\$5,400	\$10,800	\$16,200	\$21,600
Interest Saved in Offset (3-years)	\$10,800	\$21,600	\$32,400	\$43,200
Customer Saving	\$5,400	\$10,800	\$16,200	\$21,600
Interest Earned in Savings Account (3-years)	\$9,680	\$19,375	\$29,065	\$38,750
Customer Savings	\$4,280	\$8,575	\$12,865	\$17,150

*Home loan – 6.00%, Saving Account = 5.00%. No tax implications taken into consideration.
